

Assessment:

All students at Edugates International School are evaluated both formatively and summatively throughout the academic school year.

In Grades 1 and 2, our students are continuously evaluated through class work, homework, assignments, classroom observations, quizzes and tests. Report cards are issued after every term, i.e. thrice during the school year.

In Grades 3-12, our students sit for three full-scale exams, i.e. at the end of each term.

Report cards are issued after every term, i.e. thrice during the school year.
